THE DEMOCRATIC CONVENTION.

The Democratic County Convention met at the Court House on Friday afternoon to nominate a county ticket. Considering the Convention was a mass Convention, and that it was designed to embrace all elements opposed to the Republican party, the attendance and the enthusiasm were exceedingly moderate. When there are heavy majorities against them, and there are no hopes of electing such a ticket, the members of the Convention could not, as a matter of course, become very enthusiastic. When the parties are equally balanced in power, and each expects to win by hard personal labor, the interest grows into enthusiasm; but as the success of the Democratic ticket in Rock county is hardly in the range of probabilities, the Convention did not seem to go about its work with much spirit or hope. The ticket, however, selected by the committee, and endorsed by the Convention, is a very creditable one. Hon. Wm. A. Lawrence, who was nominated for Senator is well known in this part of the State. How will his name look on a Democratic ticket?

Mr. H. S. Wooster, who received the nomination for Sheriff, was a Republican until a year and a half ago. He became disappointed in not being reappointed postmaster at Clinton, and this he regarded as sufficient excuse for leaving the party and becoming a Greenbacker. We fear he has taken his position to a poor market, and that his new political investment will prove a total failure. Our old friend D. L. Mills, of Evansville, also an ex-Republican, was nominated for Register of Deeds. He is a lawyer by profession, and a Greenbacker in politics. Mr. Mills is an old veteran in politics having been a member of the First Constitutional Convention held in this State. For County Treasurer, John Harvey, long a respected resident of Johnson, a man of moderate Democratic views, was selected. He will run as well as any other Democrat in the county. Simon Schoonover, of Fulton, who was nominated for County Clerk, is an old Democratic wheel-horse. He has been in the county for twenty-nine years but never bolted his party because he never got an office. Edgar Green, a promising young attorney of Beloit, was nominated for Clerk of the Court, but it is not known whether he will accept the empty honor. Prof. Broder, who is likewise an attorney at law at Beloit, was named for District Attorney. Mr. Michael Lynch, an excellent mathematician, is called to run for Surveyor, and William H. Bump, of Magnolia, for Coroner. These will make good Democrats, and if they are not taxed heavily for campaign purposes it will be all right; but should they be requested to pay very much for the privilege of being defeated, it will be a hardship which should not be imposed upon them.

BANK TAXES.

To the Editor:
JANESVILLE, Sept. 20.—In your paper to-night you say that National banks pay as much taxes as the interest on their bonds amount to. You are certainly wrong in this statement, as the taxes paid by them to the Government is not amount to more than three millions, while their State taxes are virtually nothing. Why not state the facts, even if it is hard to do so? Why undertake to bolster up such institutions as National Banks?

It has been often said that a lie will travel a mile while truth is putting on its breeches, and this is the case concerning the taxes paid by the National banks. Yesterday we made a plain statement of the facts regarding these institutions—the interest they received from the Government on their bonds, the taxes they paid into the National and State treasuries, and the work they were doing to aid resumption and to maintain the greenbacks at par. So much has been said by the leaders of the so-called Greenback movement about the banks being a monopoly, and a tax upon the people, that the masses of the Greenback party believe the story to be true, and they are not disposed to believe anything to the contrary. Personally, we have no interest in National banks, and to us it makes no difference when they go out of existence, but we do care for them so far as they are a help to the people by giving them a banking system which is perfectly safe—a system also which strengthens the financial condition of the Government, and makes resumption

THE PLAGUE.

The Rubicon is Crossed—A Decrease in the Death-Rate Anticipated.

MEMPHIS, Tenn., Sept. 20.—It rained today unceasingly from 9 a. m. to 4 p. m., and the result is shown in the death list, which looks up sixty-eight for the twenty-four hours ending at 6 o'clock this evening.

The Rubicon has been passed so far as the number of deaths are concerned, and from day to day a decrease may be reasonably expected. The Howard Association have their work well in hand, and are able to superintend the nursing of the sick to a better advantage than at any period since the beginning of the epidemic. Indeed there is a surplus of nurses here now, many of whom are leaving about doing nothing.

NEW ORLEANS, Sept. 20.—Deaths, 60; new cases prior to the 17th, 81; new cases since last report, 84; total, 165; total cases up to date, 7,393; total deaths, 2,308.

Weather cloudy and warm; threatening rain. The death list includes twenty-two children under 7 years.

NEW ORLEANS, Sept. 20, 8 p. m.—From noon to 6 p. m., 17 deaths and 46 new cases are reported.

GRENADA, Miss., Sept. 20.—No deaths, and but two new cases. All the doctors have left except Henry Stone, of Natchez. A copy of the Grenada Sentinel made its appearance today. Up to date 214 whites and 58 negroes have died.

VICKSBURG, Sept. 20.—Cloudy all day. Thermometer 88. A heavy rain with lightning began about 8 o'clock to night. No abatement to day of new cases of fever. Twelve deaths reported, ten white and two colored.

Prominent among the deaths were Miss Clara Wadsworth and William A. Fairchild, the leading spirit in the Howard Association, and foremost in all good enterprises undertaken in Vicksburg.

STEVENS, Ala., Sept. 20.—Williams' grave was dug to-day within a few feet of the box-car containing him, though he has not yet died. He said to his nurse in the most pathetic tones of despair: "If these people would have given me just half a chance, I would have gotten well of the fever. But they chucked me into a box-car and ran me down the road, and there left me in a bad fix. In the day the car is so hot that I feel as if I were going to burn up. At night it is so cold I feel that I shall freeze."

STEVENS, Ala., Sept. 20.—W. P. Williams, of Youngtown, O., died at 6 p. m., and was buried as soon as his body was fairly cold. He leaves a wife and three children. Williams acted as a nurse at Memphis for three weeks. Only eight families out of a population 500 have remained during Williams' presence.

NEW YORK, Sept. 20.—The Tribune says the total number of deaths in the fever districts to date is 6,049. The number of cases at New Orleans up to the present time has been 7,393; at Vicksburg, over 3,000; in Memphis, as far as can be ascertained, about 6,900 people have been taken with the fever.

SATURDAY, SEPTEMBER 21, 1878.

CITY AND COUNTY.

BRIEFLETS.

—Bundle up.
—September has lost another heat.
—Jack was on a little stirrle last night.
—Read about Walt's Criterion in the city notices.
—Mrs. Mary Beach returned this afternoon from an extended visit East.
—Finances are to be discussed at the Young Men's Association to-night.
—Confinement in jail is making Mrs. Mack thin. It doesn't generally affect women that way.
—Want to rent, a medium sized house with lawn. For particulars enquire at the Gazette counting room.
—An elegant line of ladies' lace collars, and cuffs in the latest fall styles, received this day by McKee & Bro.
—Prudent married men now make their wives sleep on the front side of the bed. Burglars are abroad in the land.
—There was a lively row at the corner of Main and Court streets last night. One young man was the recipient of a sad thumping.
—Mr. H. D. McKinney places upon our table a copy of the New Orleans Times, of recent date, to which still clings a strong smell of the quarantine.
—Miss Battle has arranged to spend her Saturdays in Chicago, taking piano instruction from H. Clarence Eddy, the well-known musical director and organist.
—T. A. Lantry & Co., No. 177 North Clark street, Chicago, are anxious to secure agents for the Pictorial Lives of the Saints, and which is one of the best of books, which is selling rapidly.
—Prof. Hersee and wife are to make Janesville their abiding place, and will next month occupy No. 56 Madison street in the First ward, as their residence. They are gladly welcomed to this city.
—The old frame building moved by Baras onto the Hyatt house block, promises to be a permanent fixture there, as a sign in their window announces that N. Bohm Brothers are to occupy it as a feed store.
—All citizens interested in water-works are requested to meet at the Council Chamber this evening at 7:30 o'clock. The citizens' committee will report and a free-for-all discussion will be had. There should be a general attendance.
—Every one should look over the railroad time tables often as they are quite valuable reading matter, and often interesting as well. The Northwestern road has made some changes lately, and some travelers miss it by not keeping posted.
—Rev. Jenk L. Jones has been this week attending the National Unitarian Conference at Saratoga Springs, as the representative of the Western Unitarian Conference, of which he is Secretary. He is due home this evening. The Conference chartered a hotel at Saratoga for the exclusive use of the delegates, so that the social features of the gathering must have been unusually pleasant.
—The testing of the hose of the Fire Department has been completed, and has resulted in the bursting of only one length, and that was one which was so plainly defective as to need no testing. The patent pump borrowed from Chicago for this purpose was sent back to-day. Some claim that the test given the hose was of no account, and others claim the opposite. The next fire may settle the dispute, as then the hose will be given a further test.

THE WEATHER.

The thermometer at 7 o'clock this morning stood at 48 degrees above and at 2 o'clock this afternoon at 61 degrees above. Clear but breezy. One year ago to-day at corresponding hours the thermometer stood at 61 and 70 degrees above.

The indications are for the Tennessee, Ohio valley, and lake region, cooler southwest to northwest winds, rising barometer, partly cloudy or clear weather.

SPORTING NOTES.

The Stars were defeated by the Manchester yesterday by 6 to 3.

In the free-for-all at Kansas City yesterday, Hopeful won, Great Eastern second. The track was very heavy and the time slow.

Charles A. Harriman now wants to compete with O'Leary and Hughes in their six days walk for the Astley championship belt, but they refuse to let him enter. He protests.

MIXED MATRIMONY.

A Beloit barber named Highward was suddenly confronted a few days ago by a Michigan woman who claimed to be his wife No. 1. It was understood that he had settled with her, and she went away. Yesterday Highward sold out his barber shop, and disappeared. It is rumored that he has gone to meet his first wife and to live with her, leaving wife No. 2, in Beloit alone and desolate.

BOUND TO KEEP DRUNK.

Larry Sullivan, one of Beloit's pees, is again boarding with Sheriff Colley, having been sent up for twenty days. Larry was released a short time ago, his time being up, but immediately got drunk again, and was sent up by Justice Prichard for five days. On getting free again he managed to keep sober long enough to get to his home in Beloit, but entered upon another spree, during the course of which he had a narrow escape from death by falling under a moving railroad train. He was soon after arrested, and now he is back to his old room.

VISITS BY BURGLARS.

Two more places have been heard from which were visited by the burglars on Thursday night, one of them being the residence of Mr. J. S. Bliss on Vernon near Ridge avenue, and the other being the residence of Mr. E. L. Carpenter, corner of Court and Harrison streets. Attempt was made, but made in vain, in both instances to effect an entrance, the fellows having been frightened away before they could carry their plans into execution. A few lead pills should be administered in heavy doses.

CAPTURED BY CUPID.

The Marriage of Joseph B. Doe, Jr., and Miss Kate I. Stevens.

A matrimonial event of more than ordinary interest to the social circles of Janesville occurred at Winona, Minnesota, last Wednesday evening, in which Mr. Joseph B. Doe, Jr., of this city, and Miss Kate I. Stevens, of Winona, were the chief participants. Mr. and Mrs. Doe will reach this city next week, and will be gladly welcomed here by many friends who extend to them the heartiest of congratulations and well-wishes.

The Winona Republican gives the following details as to this interesting social event:

Another of those delightful events which never lose their interest for society people, occurred last evening in the marriage of Miss Kate I. Stevens, daughter of Mr. and Mrs. Wm. H. Stevens, of this city, and Mr. Joseph B. Doe, Jr., of Janesville, Wisconsin. The ceremony took place at 8 o'clock, in the Presbyterian church, the services being a blending of the Episcopal and Presbyterian rites, the former, performed by Rev. J. W. MacLean, of Janesville, and the latter by Rev. W. D. Thomas, of this city. The bridesmaids were Miss Hattie Bolcom and Miss Winnie Sloan, of this city, escorted by Mr. W. H. Doe and Mr. Will Stevens, the brothers of the groom and bride respectively. The bride was elegantly attired in cream silk, draped with tulle and Spanish lace, and wore the customary veil and orange blossoms. The bridesmaids were dressed in white, trimmed with pink and blue respectively, and were the lovely companions of a lovely bride. The ushers were Messrs. Charles B. Yale, Tom A. Richardson and C. Horton Porter.

The church was beautifully decorated for the occasion, an arch of trailing vines, from which was suspended a marriage bell, being the central object.

After the ceremony a reception was held at the residence of the parents of the bride, where floral decorations, elegant toilets and happy faces all combined to make the occasion a festive one. Among those present from out of town were the parents and brother of the groom. The refreshment table was filled to overflowing with delicacies, which were partaken of at pleasure by the guests.

The presents were numerous and exquisite, and consisted in part of the following: Gold watch and chain, set of camcos, silver tea service, pearl opera glass, glass and silver toilet set, silver perfume casket, pink glass and silver toilet set, silver sugar spoon, silver butter knife, polished steel reticule, silver pie knife, copy of Shakespeare, silver sugar spoon, bible, silver butter boat, miniature cut glass bouquet holder, silver fruit knife, silver jewel casket, silver card receiver, cut glass bouquet holder, silver and crystal berry dish, point lace collar, Duchesse lace bar, Duchesse lace handkerchief, set of toilet mats, blue satin and lace; set of double Damask table spreads and napkins, set of Bohemian bouquet holders, set of Duchesse lace; set of bronze mantel ornaments, silver bouquet standard, silver sugar spoon, silver cake basket, cut glass flower basket, two sets napkins and Damask table linen, rustic picture, birch bark and mosses, Shetland crocheted shawl, lace toilet set, toilet bag and mat, cream silk, tulle and lace, crocheted tidi.

The bridal couple took the midnight train for Madison, Milwaukee and other points, whence they will return to Janesville, their future home, where Mr. Doe is engaged in the practice of his profession—that of an attorney. The well-wishes of numerous friends go with them and they trust that a full share of this world's happiness and prosperity may ever attend them.

STONING A WIFE.

Pat Sheridan was on another bad drunk yesterday and late in the day made a brutal assault upon his wife, who is said to be a very highly respectable and peaceable woman. For some reason he became angry with her and hurled a stone at her, striking her in the back part of the head and almost scalping her. He was at once arrested and locked up, and this afternoon on appearing before Justice Prichard the case was continued. The wound is a very serious one indeed, and while there is no fracture of the skull, yet the injury may prove a very serious one.

A JOYOUS GATHERING.

Last evening there was a joyous gathering of light-hearted ones at Hawes' hall, at the social and dance given by the employees of the shoe factory. Tuckwood's band furnished enlivening music and all went merrily as a wedding bell. About midnight all joined in a well executed attack on a bountiful repast, and dancing was afterwards resumed and kept up till an early hour. All who participated in the occasion pronounce it one of the most enjoyable of the season. Such occasions serve to highen labor and make the daily intercourse between employees more enjoyable.

CLOTHES FIRST, GUNS NEXT.

The Veterans have sent for their shooting-irons, and have filed their bonds as required by law, but have been informed by the Adjutant-General that a new rule has been established which is to the effect that hereafter no arms will be issued to a militia company until the uniforms are procured. The Janesville Veterans are the first to fall under the rulings of this new requirement, and will not be able to get their guns and accoutrements until they buy their clothes. This is rather a disappointment to the boys, and they have not yet decided what to do about it. They have already been figuring on uniforms and will probably comply with the requirement at once.

ROBBINS IN KANSAS.

David Watt, the popular Treasurer of Burr Robbins' circus, writes from Clyde, Kansas, to a friend in this city that ever since they left Iowa and came into Nebraska business had been immense. Other the crowd had to be driven back out of the ring before the show could commence. Speaking of the crowd at Clyde, he says: "To-day beats them all. Our street procession is just over and the town is

crowded with people. It is doubtful whether we can get them all in the canvas. The hotel has a flat roof and Mr. Robbins and myself have been out on top, looking at the people as they come in. We could see a mile up the road and teams are coming as close together as in a funeral procession just as far as we can see. Our drives here have been very long and hard, averaging from 25 to 35 miles and one day 45 miles."

HEIMSTREET'S NEW BOOK.

E. B. Heimstreet, the well-known and popular druggist is now giving away to his many customers a new book of family recipes, which has just been published for him by the Gazette Printing Company. It is a neat little work of about 100 pages and its typographical appearance is a great credit to Mr. McCulloch, who has charge of the job rooms. The book contains only such recipes as have been carefully tested and are found to be valuable. Mr. Heimstreet has published and given away several editions before, but this far exceeds the others. The New York drug store over which he presides, was established in 1866, and he became its proprietor soon after. Two floors, 22x85 feet, are packed with everything necessary to meet the demands of a large and still growing trade, forming one of the heaviest and best stocks of the kind in the State. Mr. Heimstreet is himself a practical and skilled chemist, and gives to every detail of his business his close personal supervision. Having a large and varied stock, and knowing well how to handle it, he has found his trade steadily increasing, even during the duller times, and is meeting with the success which his ability, experience and enterprise so well merit. One secret of his success is the fact that all feel well satisfied, not merely with the prices charged, but because none but pure and genuine goods are sold there. The stock embraces almost everything in that line, so that those who desire to buy such articles as are seldom used and rarely kept in stock can be sure of getting them without any further search, by going direct to Heimstreet's.

THE ASSAULT ON ENGLAND.

A few days ago the Gazette gave an account of a brutal attack by highwaymen on a farmer named Richard England as he was driving home from Beloit. Mr. England still lies at the house of Mr. Cheney, whither he managed to crawl a few hours after the attack. He is reported to be in a very dangerous condition, and it is not expected that he will live many days. A gentleman who had been to see him informs the Beloit Herald that his face from his mouth up is black and blue, as is also the side where he was cut or shot. He has a fearful gash on the back of his head also, and has grown very thin and haggard. It is claimed by some that England got into a quarrel with some one on his way home, and got severely punished, and that what was taken for a bullet wound was a cut from a small knife. As yet no warrants have been issued, though one man, named Frank D. Rice, has been suspected of being mixed up with the assault. As soon as he learned this fact, Rice willingly accompanied an officer to the bedside of the wounded man, and the latter at once said he was not the criminal, so he was sent on his way.

ON EXHIBITION.

All our readers have no doubt heard more or less of what is called Patent New Process flour, but we presume that few are familiar as to whom the credit of this valuable invention is due. We will here make a few remarks as to its origin. In the fall of 1870 two brothers by the name of LeClerc, placed in the Washburn Mills a machine for purifying farina or middlings, so called. The millers of the Northwest soon discovered the value of this invention, which has since then revolutionized milling in this country, and has improved spring wheat flour so that we stand at the head of all where formerly St. Louis stood at head and front, (but second now). The credit is due to the invention of those gentlemen of enhancing the value of good spring wheat from 10 to 15 cents per bushel over winter wheat. Now in order that our readers may get a more fully and adequate idea of the principle, we would call their attention to a model on exhibition at the store now occupied by Notbohm Bros., at the corner of Franklin and West Milwaukee streets, from which every one can readily see for himself how New Process flour is made.

Weber's Late Triumph.
Mrs. E. Day has purchased, after long consultation with New York critics, as to different pianos, a \$1200 Parlor Grand Weber. They decided on Weber as the finest piano made, in the most particular, or qualities. It was set up to-day. Fee in ye musicians.

A lady in Oaklough recently fell down stairs with a lighted Kerosene Lamp in her hand. In her efforts to prevent falling, the lamp was released from her grasp, and was immediately extinguished, thus saving her life and the house from destruction. It was fortunate that she was using a Harris & Smith Safety Lamp.

Inquire for Them.
We have used Dr. Price's Special Flavoring Extracts, and can confidently recommend them to the community as the best articles in domestic use. They are the leading articles of their kind in America, and should be on the shelf of every well-regulated family grocer.

An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you,—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning, will show you that Green's Anodyne will cure you of Liver Complaint, or Dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, habitual constiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sales now reach every town on the Western Continent and not a Druggist but will tell you of its wonderful cures. You can buy a Sample Bottle for 10 cents. Three doses will relieve you. decided-weakness

Fever and Ague Cured for 50 Cents.

Dr. Swayne's Fever and Ague Pills, (without calomel or quinine), are a quick and sure cure in every case for ague and fever, intermittent and remittent fever, and all diseases having their origin from Malaria. They are a great tonic and preventive as well as cure of all complaints peculiar to malarious, marshy and miasmatic districts. They act on the liver, and brace up the system to a vigorous healthy condition. Notwithstanding these pills are sold for one-half the price that other ague cures are sold for, yet we warrant them as effective in all cases as any pills or mixture, let the price or compound be what they may; and being entirely free from all minerals, their use leaves no bad effects, as in the case of many other remedies. Sent by mail to any address on receipt of price, (in currency or postage stamps), 50 cents a box, three boxes \$1.25, six boxes \$2.50. Beyond the Reach of Human Skill.

Is the power to restore the hair to bald heads when the bulbs at the roots are destroyed by age or disease; but there are doubtless many persons becoming bald, who care by careful attention might be restored to their original luxuriance and beauty. Parker's Hair Balm is an elegant preparation, designed to meet the public want for a harmless hair dressing and restorative. It acts like magic, commencing at the very roots, removes dandruff and all humors from the scalp, and never fails to restore gray or faded hair to the original color, and the soft, rich and glossy appearance of youth. By its occasional use, falling of the hair is immediately checked, and a luxuriant and beautiful growth of young hair is induced. The exquisite perfume and the purity of its composition are highly appreciated, and as it is not a dye and does not stain the skin or clothing, it is a growing favorite of the toilet table everywhere. Buy a bottle from your druggist A. J. Robert's, Janesville, Wis., and test its merits. 1y30daveoillesp23

Itching Piles.

The symptoms are moisture, like perspiration, intense itching, increased by scratching, very distressing, particularly at night as if pin worms were crawling in and about the rectum, the private parts are sometimes affected; if allowed to continue, very serious results may follow. Dr. Swayne's All Healing Ointment is a pleasant sure cure.

HOME CURES.—We were great sufferers from Itching Piles, the symptoms were as above described; the use of Swayne's Ointment in a short time made a perfect cure. J. W. CHRIST, Boot and Shoe House, 331 N. Second Street.
